

Rigaku Oxford Diffraction Events

Rigaku Symposium:

Jul. 31st, 9:40 at Shirakashi 2 (Conference Building, 3rd Floor]
“Crystallography for Coordination Chemistry - S57”

Lunchtime seminar:

Aug. 1st, 12:15 at Tachibana Room
“XtaLAB Synergy: All for your Science from Rigaku”.
Winner of prize drawing will be announced at the end of the seminar.

Workshop:

Aug. 2nd, 9:40 at E-Meeting Room 4A (Exhibition building)
“Crystallography in your hands”

- Attendees are kindly requested to bring your own laptop computer.
- Visit [<http://www.olexsys.org/News/olex2-at-the-iccc-in-sendai>] to make your laptop ready.
- Extended set-up session(voluntary) starts from 8:30, individual support will be provided by the instructors.

Live lab! and Structure Clinic:

During exhibition, at Rigaku Oxford Diffraction Booth (Exhibition Building)
Bring your sample: and try your crystal on our latest XtaLAB Synergy system
Bring your difficult dataset: professionals will help you to solve your issues and difficulties. Complete new comer for Crystallography also very welcome!
